Legislative Policy Positions

About the New Hampshire Municipal Association

The New Hampshire Municipal Association (NHMA) is a nonprofit, nonpartisan membership organization of municipalities. NHMA provides advocacy support for municipal governments following the *Legislative Policies* and *Legislative Principles* adopted by the membership, as well as educational and training programs for local officials and employees. Advocacy activities are funded by member dues and governed by a Board of Directors comprising elected and appointed municipal officials from throughout New Hampshire.

As part of the legislative advocacy program, NHMA staff represents municipal interests before the New Hampshire General Court and state agencies and lobbies for passage of both state and federal legislation. NHMA also tracks state and federal administrative regulations. The weekly *Legislative Bulletin* is published during the legislative session to keep local officials up to date on legislative hearings, the status of bills and other events.

Legislative Policy Process

This publication contains the legislative policy positions adopted by the NHMA membership for the 2017-2018 biennium. This section describes the member-driven process used to establish NHMA legislative policy.

The legislative policy process for the 2017-2018 biennium began, as always, with the solicitation of policy proposals from local officials to create an initial issues list. The NHMA Board of Directors then appointed three legislative policy committees: General Administration and Governance; Finance and Revenue; and Infrastructure, Development, and Land Use. Each committee consisted of 15 to 18 elected and appointed local officials from across the state.

The three policy committees each held a number of meetings during the spring of 2016 to discuss the policy proposals submitted by others, as well as the ideas committee members brought to the table. After thorough review and consideration, the committees issued their policy recommendations to NHMA member municipalities. Those recommendations, as well as “floor policies” submitted over the summer, were mailed to each member municipality for review.

The NHMA 2017-2018 Legislative Policy Conference was held on September 23, 2016, and conducted in the traditional manner. Each member municipality, regardless of size, has one vote and is asked to appoint a voting delegate to cast its votes

at the policy conference. The governing body of each member municipality is urged to give direction to the voting delegate by discussing and taking a position on the recommendations and floor policies in advance. Conference attendees engaged in lively debate on many issues, which culminated in the final policy positions contained on the following pages.

There are three types of policies: Action Policies, Priority Policies and Standing Policies. Action Policies are items of highest importance; for these policies, NHMA actively pursues the introduction and passage of legislation. NHMA pursues legislation on Priority Policies as time and resources permit, and otherwise uses them to guide its positions on legislation submitted by others. Standing Policies direct staff in reacting to legislation as it is introduced and often contain items of longstanding concern to NHMA members. Issues arising during the legislative session that are not covered by these policies, or situations where it is not clear how a policy applies, will be considered by the NHMA Board of Directors. For further explanation of any policy, contact the Government Affairs staff at 800.852.3358, ext. 3408, or email governmentaffairs@nhmunicipal.org.

Legislative Principles

In addition to the established Legislative Policy positions adopted by the New Hampshire Municipal Association membership, the following principles should guide staff in setting priorities during any legislative biennium:

1. Consider unfunded mandate issues that violate Part 1, Article 28-a of the New Hampshire Constitution to be paramount. Identify them and oppose them.
2. Oppose any further reduction in state revenue streams to municipalities (i.e., revenue sharing, meals and rooms tax, highway and other state aid), and work to restore revenue sources that have been reduced or eliminated. Be especially watchful of proposals to reduce local aid in order to meet other funding commitments.
3. Advocate to maintain existing local authority.
4. Support issues which provide greater authority to govern more effectively, efficiently and flexibly at the local level, including local option legislation. If the legislature is considering adopting a program that is particularly controversial at the local level, support a requirement that a local legislative body vote is necessary before full implementation of the measure.
5. Support bills proposed by individual municipal members, except when they conflict with these principles or other NHMA policies. Staff should prioritize time and resources when there are competing demands in order to focus on NHMA's broad agenda first.
6. Encourage exemptions from state taxes rather than from local property taxes when legislative intent is to preserve statewide resources.
7. Advocate for municipal representation on all state boards, commissions, and study committees which affect municipal government and have non-legislative members.
8. Work cooperatively with other groups and associations to support efforts to improve the delivery of services at the local level.
9. Support municipal efforts toward effective regional cooperation and delivery of municipal services.
10. Support efforts to develop a statewide technology network that fosters increased communication and greater compatibility among levels of government and within and between agencies in all levels of government.

2017-2018 Legislative Policy Positions

GENERAL ADMINISTRATION AND GOVERNANCE

ACTION POLICIES

1. Funding for the Police Standards and Training Council

NHMA SUPPORTS the continued operation of the NH Police Academy and the high quality uniform training it provides for all law enforcement officers in the state, including municipal police officers, which aids in the delivery of quality policing services and interagency cooperation to the benefit of all citizens.

a) NHMA SUPPORTS the continued existence of the Police Standards and Training Council (PSTC), the compliance functions it performs, and its oversight of the operations of the NH Police Academy.

b) NHMA SUPPORTS continued funding at the state level for the Police Academy and the PSTC. Local law enforcement agencies produce considerable funds through fines and penalty assessment monies which accrue to the state and are used for state purposes. **NHMA OPPOSES** any increase in municipal costs for police officers to participate in the training, recognizing that municipalities now pay salary, benefits, and all employment-related costs for trainees while at the Academy, as well as providing staff and instructors at no cost to the Academy.

c) NHMA SUPPORTS the continued use of penalty assessment funds to support the PSTC and **OPPOSES** transferring the

penalty assessment funds from PSTC to the general fund.

d) NHMA SUPPORTS separating PSTC operational expenses from capital expenses, and the funding of capital expenses through the state capital budget process.

e) NHMA SUPPORTS the development of a sustainable, predictable, and stable plan for funding the PSTC and the Academy at the state level which is sufficient to meet the funding needs and efficient in administration.

NHMA SUPPORTS funding to supplement the penalty assessment revenues from sources such as an insurance surcharge, an additional fee for accident reports, or an increase in the state motor vehicle registration fee, provided such revenues are dedicated to the PSTC.

f) NHMA SUPPORTS working with the PSTC and the legislature to explore other funding sources to supplement revenues to ensure the future viability of the PSTC.

2. Municipal Welfare Fraud Penalties

NHMA SUPPORTS amending the local welfare statutes so that the so-called “welfare fraud” statutes (RSA 167:17-a through 17-c), currently applicable only to offenses against state assistance programs, will also apply to the same types of fraud offenses when committed against a municipal assistance program operated under RSA chapter 165.

3. Building Plans Under RSA Chapter 91-A
