

How to Download the Whova Mobile App

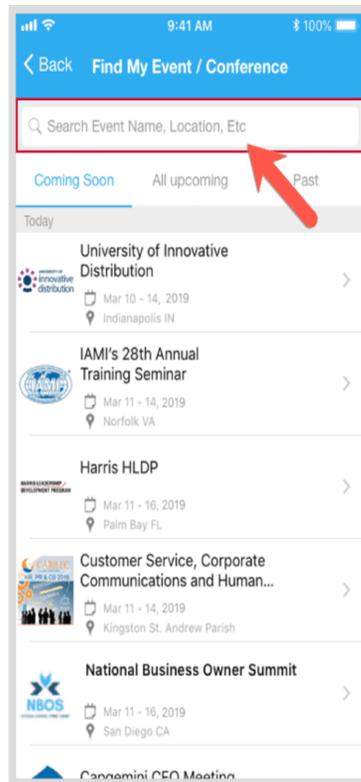

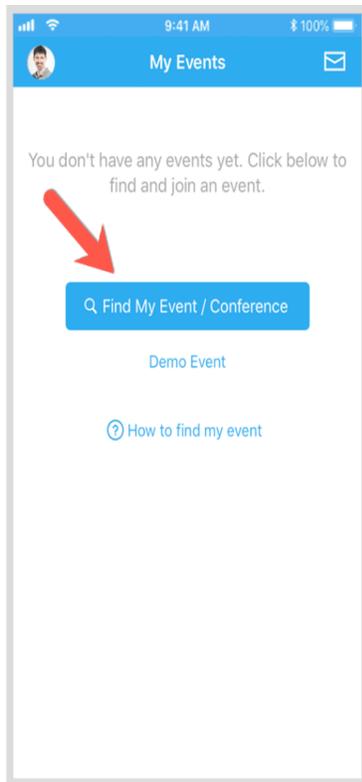

- Open the Apple Store (iphone) or Google Play Store (Android) on your mobile device, and search for “Whova”.

How to Sign in to the Whova Mobile App

- Enter the email address you used to register for the Conference otherwise it will not allow you to join the event.
- Create a password and type in your name.
- Edit your profile. Other attendees will use this to network with you. So make it look nice.

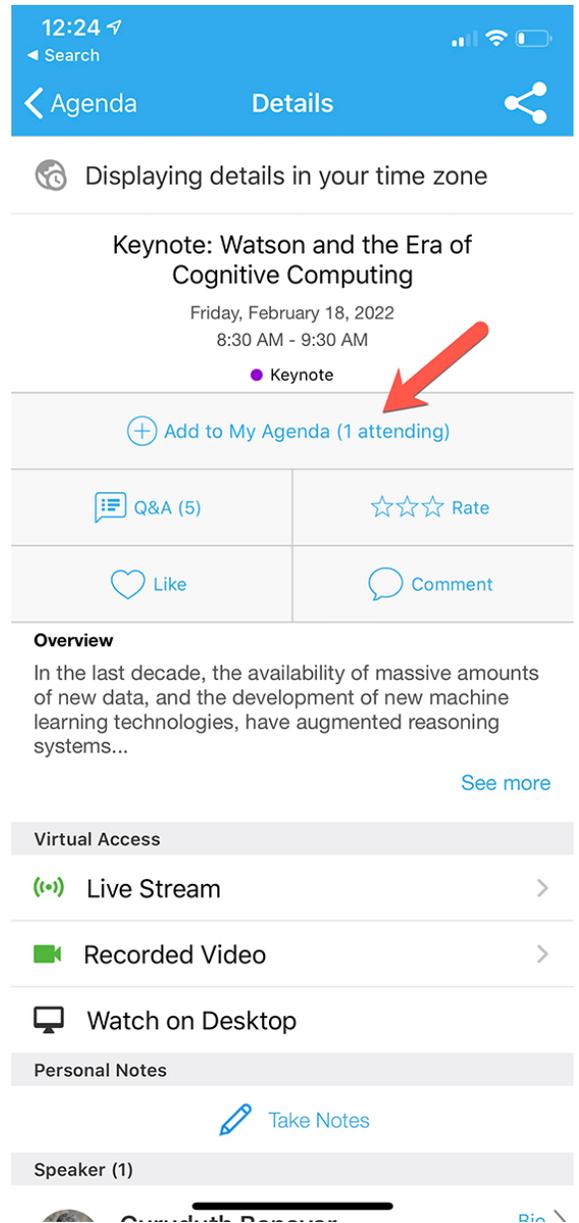

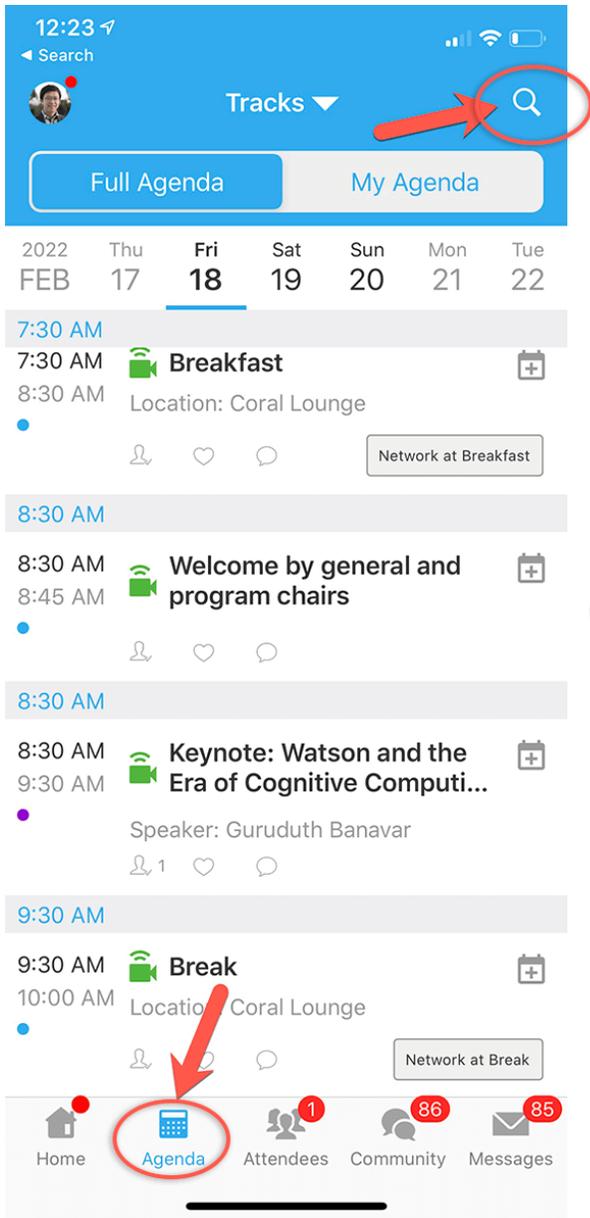

The app will take you to your event page automatically if the organizers have updated the app with your registration information (NHMA event organizers have updated your registration information). However, if your event doesn't show up automatically, search for it (search by Cybersecurity Summit). Then, click the join button on the bottom of the event description page, and it will ask you to enter an event invitation code, NHMAConference2021. **Please do not share this invitation code with anyone else. The invitation code protects the privacy of our event attendees by preventing non-attendees from joining.**
