

Summary of Coronavirus Response and Relief Provisions

Consolidated Appropriations Act of 2021 (H.R. 133)

On Dec. 27, 2020 President Trump signed the [Consolidated Appropriations Act of 2021 \(H.R. 133\)](#) funding the federal government through Sept. 30, 2021, providing emergency coronavirus relief and authorizing other matters. (Summaries: [appropriations](#), [coronavirus relief](#), [additional provisions](#).)

Support for Cities

The omnibus legislation failed to provide any additional direct relief to state or local governments in response to the COVID-19 pandemic. The National League of Cities (NLC) continues to advocate for direct aid to America's communities. Despite the failure on the part of Congress to provide much-needed relief to struggling cities, towns and villages, H.R. 133 does contain some potential bright spots for businesses and residents in need.
