

FY 2022 Bridge Investment Program (BIP) Planning Projects

Application Template

This FY 2022 BIP Application Template is provided to assist project sponsors who intend to apply for a Planning FY 2022 BIP grant. Interested eligible applicants should read the FY 2022 BIP Notice of Funding Opportunity (NOFO) in its entirety and especially where noted in this application template to submit eligible and competitive applications.

Basic Project Information

<p>Basic Project Information – Provide a narrative for the below items on basic details pertinent to the project, including project name, description, location, involved parties, etc. Items in this section will be used to determine grant program eligibility as detailed in Section C of the NOFO.</p>	
Project Name	
Project Description	<p>Provide a concise description of the project, the transportation challenges that it is intended to address, and how it will address those challenges. This section should discuss the project’s history, including a description of any previously incurred costs. Applicants should describe the activities (planning, feasibility analysis, and revenue forecasting) the grant funding would be used to support the project’s development. The applicant may use this section to place the project into a broader context of other infrastructure investments being pursued by the project sponsor.</p> <p>For each bridge that is part of the project, please indicate whether it is on the National Bridge Inventory under 23 U.S.C. 144(b).</p>
State(s) in which project is located	
Does the project serve an urban or rural community?	<p>State whether the project serves an urban or rural community. In determining, the DOT will rely on the Census Bureau Census 2010 definition of Urbanized Area (UA) as an area that consists of densely settled territory that contains 50,000 or more people. Updated lists of UAs are available on the Census Bureau website at http://www2.census.gov/geo/maps/dc10map/UAUC_RefMap/ua/. For the purposes of the BIP program, Urbanized Areas with populations of less than 50,000 will be considered rural.</p>
Total Project Cost (Estimated to include planning and construction costs)	Estimate in year-of-expenditure dollars: \$ _____

Who is the Project Sponsor?	(Name and identify which eligible applicant category applies. Select from the below statutory eligible applicants: 1. A State or a group of States; 2. A metropolitan planning organization that serves an urbanized area (as designated by the Bureau of the Census) with a population over 200,000; 3. A unit of local government or a group of local governments; 4. A political subdivision of a State or local government; 5. A special purpose district or a public authority with a transportation function; 6. A Federal land management agency; 7. A Tribal government or a consortium of Tribal governments; and 8. A multistate or multijurisdictional group of entities as described above in 1 – 7.)
List all Project Co-Applicants.	
Identify the Lead Applicant (who will be also the applicant responsible for administration of BIP funds if application is selected and point of contact for the application.)	
Was an application for USDOT discretionary grant funding for this project previously submitted?	(If Yes, please include project title, applicable grant programs and year.)

National Bridge Inventory Data

National Bridge Inventory Data - For each bridge included in the project description above, fill out the NBI data in the following form. For projects with multiple bridges, including those utilizing bridge bundling, this table should be duplicated and populated with data for each individual bridge. This data is used to support and verify statements made about the project in other sections in this application template as noted in Section D.2.d.II of the NOFO. Data, format and coding information can be downloaded from [Download NBI ASCII files - National](#)
