**Subject:** SLFRF Second Tranche Payment Guidance

April 21, 2022

Dear Coronavirus State Fiscal Recovery Fund Recipient,

On March 11, 2021, the American Rescue Plan Act was signed into law, and established the Coronavirus State and Local Fiscal Recovery Funds (SLFRF) program. The program has provided funds to state, territorial, local, and tribal governments to support their response to and recovery from the COVID-19 pandemic.

**For states due a second tranche payment**

The ARPA and Final Rule require Treasury to make the second tranche payments to states not later than 12 months from the date that the state provided its certification for the first tranche. Additionally, the Final Rule provides that Treasury expects to make all second tranche payments to states available beginning 12 months from the date that funding was first made available by Treasury (May 10, 2021) regardless of when each individual state submitted its initial certification. In the coming weeks, Treasury will open the [Treasury Submission Portal](#), allowing states to access the Portal prior to their second tranche payment the week of May 10, 2022. States will receive a notification to enter the Treasury Portal by email, and therefore, should ensure that the assigned point of contact is still available to receive future communications. The point of contact is the individual designated in the Portal during the first tranche submission who will receive email notifications on the submission status, including any issues found during the verification, and communications regarding payments. Once the notification is received, states will be able to update their entity information, to include banking information, and to provide the required certification in the Treasury Portal. States should not enter the Portal prior to receiving direct notification with instructions from Treasury. For these states, second tranche NEU payments will be automatically disbursed to the state's bank account on file approximately twelve months after their NEU first tranche payment. In addition, states due a second tranche non-UGLG allocation will also have payment automatically disbursed to the state's bank account on file approximately twelve months after their first tranche non-UGLG payment.

**For states only receiving a second tranche NEU payment**

Section 603 of the American Rescue Plan Act provides payments to states for distribution to NEUs in two tranches, **with the second tranche being paid not earlier than twelve months after the first payment.** Consistent with this requirement, Treasury expects to provide NEU second tranche payments to states approximately twelve months after their first tranche NEU payment. In the coming weeks, Treasury will open the [Treasury Submission Portal](#) to states receiving a second tranche NEU allocation in a phased approach, allowing recipients to access the Portal 30 days prior to their second tranche NEU payment date. States will receive notification to enter the Treasury Portal by email, and therefore, should ensure that the assigned point of contact is still available to receive future communications. The point of contact is the individual designated in the Portal during the first tranche submission who will receive email notifications on the submission status, including any issues found during the verification, and communications regarding payments. Once the notification is received, states will be able to update their entity information, to include banking information. States that are only receiving a second tranche for NEU payments should not enter the Portal prior to receiving direct notification with instructions from Treasury. In addition, states due a second tranche non-UGLG allocation will also have payment

automatically disbursed to the state's bank account on file approximately twelve months after their first tranche non-UGLG payment.

**For all second tranche recipients**

In preparation for the second tranche payment, recipients should ensure their [SAM.gov](https://sam.gov) entity registration is still active. All recipients are required to have an active System for Award Management (SAM.gov) registration to receive their second tranche payment. Instructions on how to renew entity registrations can be found on the Federal Service Desk website here: [How do I update an existing entity registration in SAM.gov?](#) Please be reminded there is no fee to register or maintain your registration.

Additionally, the individual entering the Portal for the second tranche submission, also known as the 'submitter,' will be the same individual registered with ID.me who submitted for the first tranche allocation. If that individual is no longer with your entity and/or your entity would like to designate a new submitter, the current authorized representative (the one listed on the first tranche submission) should email [COVIDReliefITSupport@treasury.gov](mailto:COVIDReliefITSupport@treasury.gov) with the subject "Entity Name - Update to Designated Individuals." The email should include the role that needs to be updated along with the full name, title, email and phone number of the new person designated. Newly designated submitters should ensure they have an active ID.me account to expedite the process of realigning the submission to their account. If the current authorized representative is not available, please explain the circumstance in the email.

Treasury looks forward to working with you to ensure the continued success of the program. If you have questions about the Treasury Submission Portal or for technical support, please email [covidreliefitsupport@treasury.gov](mailto:covidreliefitsupport@treasury.gov). If you have general questions about the Coronavirus State and Local Fiscal Recovery Funds please email [SLFRF@treasury.gov](mailto:SLFRF@treasury.gov) or call 844-529-9527.
